

Subject Line: Changepoint, Planview and Clarizen Coming Together as One

Dear Valued Customer,

We are excited to share that today we are announcing that Changepoint, Planview and Clarizen are coming together as one company. Together this esteemed collection of PMOs, Project Portfolio Management practitioners and products enables us to better partner with you across your customer journey with a full spectrum of Portfolio Management and Work Management solutions, spanning PPM, PSA and Agile.

Subject to customary regulatory approval, we expect the deal to close in Q1 2021. However, as we begin on this next chapter of Changepoint's journey, be assured that we are committed to our products, existing agreements, and delivering the high level of service to which you are accustomed. All existing contacts: your Customer Success Manager (CSM), as well as your Sales, Services and Support resources remain in their roles to help you maximize the value you receive from our software solutions.

We are delighted to be joining Planview and Clarizen as one united family and look forward to communicating more details about our plans in the coming months. We have included a brief FAQ of what you can expect over the next several weeks. In the meantime, please do not hesitate to contact your customer success manager or account executive with any questions you may have. We look forward to continuing to serve your needs.

Thank you for your continued support.

Sincerely,

Matt Scheuing
CEO
Changepoint
